

PHYSICIANS OF GEORGIA

EXPLANATORY NOTE.—The present Medical Practice Act of Georgia went into force Aug. 18, 1913, repealing the law of Jan. 1, 1895. Previous to 1895 a system of county registration prevailed. The records of the former Boards of Medical Examiners show only the names of physicians licensed since that date. As it is not possible to verify statements regarding the legal qualifications of physicians who began practice in Georgia prior to Jan. 1, 1895, the names of all practicing physicians have been entered. Only those followed by the date of license since Jan. 1, 1895, however, have been reported to the licensing boards. Dates of licenses issued prior to 1895 entered in the following pages have been verified by clerks of the various county courts.
